2. The following Soviet Army units have been identified in the Chita area:
 - a. Second Armored Division
 - b. 33rd. Infantry Division

50X1-HUM

1. Comment: Since the end of World War II the Soviets have not used numerical designations for various army groups; therefore, it is possible that this identification refers to the Sixth Guards Mechanized Army, which has been tentatively identified in the Transbaikalian Military District. Col. General Konstantin Appollonovich Korotayev has previously been identified as Commander of the Transbaikalian Military District.
